Department/District Publications

- Compiled a list of Farmers' Markets operating in Nebraska with information on location, dates, hours, management, vendors, restrictions for use by primarily by growers, county educators, the

Nebraska Department of Agriculture, and newspapers. This list is updated each spring and distributed to the managers of all the markets in Nebraska, each Cooperative Extension office, the Nebraska State Department of Agriculture Office of Agricultural Promotion & Development, and newspapers. In 1993, 1994, and 1995 (updated yearly) this formed the basis of an informational brochure of farmers' markets that was prepared and distributed by NSDA to all rest areas, bed and breakfast facilities, and other tourist locations in the state.

Books or Book Chapters

Contributing writer and editor for a general public audience book entitled: Knopf American Garden Guides: Vegetables for both accuracy of information on vegetable production and with details regarding vegetable production in the Great Plains. Layla Productions, Knopf Publishing Group, Random House, Inc., New York. 1994. As a result of the demand for this series and the excellent color photographs, Microsoft has acquired the CD-ROM rights to publish The American Garden series of books by Knopf Publishers, © 1994. Microsoft is revising and expanding the text for the CD-ROM version and will include photographs of the consultants in the "Viewpoints" as linkages within the text.
